Born to Bring Hope . . .

Shopping for gifts, decorating the tree, singing carols, and enjoying the Christmas dinner at home with the family make "the Christmas" for the average college student. These activities are often thought to be necessities of Christmas celebration.

It is true that the Holiday may mean just "having a good time." However, Christmas has more significance when one knows what he is really celebrating.

Christmas is the time to celebrate the birthday of one who is the source of our hope, better known as Jesus. It is the day set aside for all to commemorate the birth of the Savior of the world.

—James Holmes

For Your Information . . .

Today more students are being urged to go into the graduate field in their major because within a period of ten years there will be a shortage of college instructors as there is now of high school and grade school teachers.

There are several scholarships and funds available for those who are interested in going into the post-graduate field. They must be applied for at an early date, if one is interested in them.

Further information about college teaching as a career may be found at the Circulation Desk on the second floor of the Library. Pamphlets may be checked out for further reading.

Students Display Interest in Sports

Much interest is being displayed by the students in intramural basketball this year according to Dr. H. D. Peterson, division director, who is in charge of the intramural program.

There are 38 teams participating in 6 different leagues in the men's division. These teams are formed by the three fraternities and the independents on the campus. The independents have formed 16 teams and the biggest fraternity group is the Phi Sigma Epsilon fraternity with 13 separate teams. Sigma Tau Gamma fraternity has 8 teams, and Tau Kappa Epsilon fraternity, 1 team.

The first round in this intramural play is nearly over with the completion of the first semester and it may present a problem. Dr. Peterson is meeting with the managers and captains of the teams to decide whether to go ahead with the second round with all the teams, mix the leagues up a little, or take the teams with the best record and just form 3 or 4 leagues. The main problem confronting them is the lack of referees. Dr. Peterson wants as many to play in this tournament as possible.

Notice!

It has been suggested by the athletic department that all students wearing letters on jackets or sweaters other than the letter of this college should remove the letters.

M.I.A.A. Conference basketball teams have a record of 10 wins and 7 losses against non-conference foes up to December 12. Conference play does not begin until January 5, with Maryville playing host to Springfield.

The Bearcat cagers, in posting wins over Pittsburg State 60-42 and Rockhurst of Kansas City 62-59, displayed good ball control and excellent spirit. A big crowd showed up for the first home game with Pittsburg State and the cheering seemed good after a long absence.

The wrestling team, coached by Dr. H. D. Peterson, is working out in preparation for their first match with Wentworth College on January 10. The first home match is on January 29 with Grace-land College.

Two Cagers Lead Team For First Three Games

Cheerless leader

Not a "rah rah" left in him! He's just discovered there's no more Coke. And a cheer leader without Coke is as sad as a soap opera. To put the sparkle back in his eye—somebody!—bring him a sparkling cold Coca-Cola!
